Fireman aids own daughter

Heroes save victims of boating accident

by GLORIA DAVIS

An Antioch fireman met with an ironic twist of fate when he answered an early morning boating accident call on Sunday, July 25.

As Dennis Volling began talking to one of the accident victims to calm her, the injured girl looked up and called "Daddy!" That was the first time that he realized that the girl he was trying to help was his 18-year-old

daughter Brenda.

Early newspaper reports on the serious boating accident on Lake Marie, having been taken from the Lake County Sheriff Dept.'s accident report, failed to mention there were several heroes involved in saving the lives of the five victims of the accident.

When the speedboat driven by Alex Tomalonas, 25, Cicero, struck the pontoon boat driven by Charles Py, 20, Antioch, all five people on the Py boat were thrown into the water. According to the police report, Tomalonas said that the Py boat had no navigating lights.

Witnesses at the scene and Kim Martin, a friend of Py, who had missed being on the

boat by minutes, stated that the boat did have its lights on when it was struck at 2 a.m.

According to Capt. David Heath and other members of the Antioch Rescue Squad, one of the passengers on the Py boat, Glenn Learmont, 22, Antioch, although sustaining a serious head injury himself, was responsible for getting Py, Chris Mors, 20, Schaumburg, and Volling, all with bleeding injuries, back to the temporary safety of the boat. He then proceeded to attempt to get his girl friend, Margaret Page, 21, Antioch, who was suffering from a serious spinal injury, to shore.

At the time of the accident, which was in

Lead arsenic deposits light landfill fuse

The stormy county hearings on Waste Management, Inc.'s proposed landfill expansion in the village of Antioch, continued on Tuesday, July 27 and Wednesday, July 28,

at Antioch High School.

Public attendance, though down slightly from the crowded ones last week, was still strong.

Testimony for the disposal company continued with Wednesday night's only speaker being Dr. Murray McComas, president of M. R. McComas, a hydrogeology company in Oklahoma.

During the four hour meeting, McComas described Antioch's geology as being perfectly fitted for landfill location, stressing that the technical clay makeup of the area made water contamination near to impossible.

Village Atty. Ken Clarke was stopped from cross examining McComas by Gary Neddenreip, states attorney's office, the presiding officer, especially when he brought up an alleged large deposit of lead arsenic at the bottom of the present landfill site.

Clarke's request to see dumping information and to be allowed to match test borings from both the old and the proposed landfill sites was denied by Neddenreip.

Wednesday's meeting had attorneys Clarke and Tom Volini, representing Waste Management, loudly locking legal horns when Clarke objected to Volini testifying since he is an employee of the disposal company.

Volini denied that there was a lead arsenic

Pom Poners to state

The spotlight will shine on the young of the Antioch Community High School Pom Pon Squad on Sunday, August 8, as they dance and shake their pom pons in the Allstate Open Pom Pon Competition at the Wisconsin State Fair Park Coliseum. The action will begin at 10 a.m. and will continue throughout the day. The finals are scheduled for 4:30 p.m. and the awards ceremony follows at 5 p.m.

The squad has spent many hours perfecting its routines and is proud to be one of the 50 midwest squads competing. They have chosen to perform a three-minute routine to the "Jungle Love".

Four area professionals will judge the squad on the basis of its uniformity, routine, execution, showmanship, variety, choreography, appearance and use of pom pons.

The squad will be competing for prize money, trophies and gold charms. In addition, all participants will receive an Allstate Open Pom Pon Competition patch.

All of the squad's enthusiastic fans should be at the Allstate Open Pom Pon Competition and help support the Antioch Community High School Pom Pon Squad on August 8.

The Antioch Community Pom Pon Squad practices approximately eight to nine hours a week during the summer, and six to seven hours a week during the school year.

The squad performs at all home football and basketball games. They raise funds by having car washes. The squad has competed at Badgerette Clinics and in the Illinois Drill Team Assn. Last year the Antioch Community High School Pom Pon Squad placed third at the Allstate Open Pom Pon Competition.

Members of the squad are: Karla Bolton, Kathy Burda, Kim Burdick, Julie Coyle, Peggy Dvorak, Sarah Heiselmann, Beth Kinahan, Genelle McKenna, Debbie Morris, Wendy Mullan, Michelle Neals, Kim Portalski, Barb Schmehl, Cathy Shaffer, Sandy Skupien, Ellen Stevens, Amy Venn, Andrea Warner, Roxan West and Julie Wierschem.

Jury trial set for August 17

Larry Feltner, 30, Waukegan, will face trial on Tuesday, August 17, on charges of fleeing and eluding the police, improper lane usage, reckless driving, driving on a suspended license, speeding and violating four traffic signs.

The trial date before Lake County Circuit Court Judge Emmilio Santi was set at a jury demand meeting on Thursday, July 29, when the accused's lawyer, Peter Staben, asked for a continuance because he was not prepared to go to trial.

Feltner is and has been out on a \$5,000 recognizance bond issued by Judge Bernard Drew on May 20.

He has been charged with these traffic violations since he was allegedly involved in a high speed chase in the village of Antioch in mid-May.

The high speed chase began when Antioch Police Sgt. Charles Watkins reported that he chased Feltner's car when it ran a stop sign. The chase ensued, going through the village in a circle, ending almost at its starting point, when the Waukegan man's car sideswiped a utility pole, hit a tree, rolled, hit another utility pole and caught on fire, trapping Feltner and a passenger, Laura Littner, 17, until they were freed by the police.

Chamber seminar shows small business updating

by GLORIA DAVIS

The first in a series of business aiding seminars that have been planned by the Antioch Chamber of Commerce and Industry for the edification of its members, was held on Tuesday, July 27, at the Windjammer Restaurant.

Several members of the Chamber enjoyed their luncheon and the seminar that followed, which was presented by Jory Lannes, who is the manager of Management Advisory Service for Clifton Gunderson and Co., a CPA firm in Waukegan.

After pointing out that computers are the "today" and "tomorrow" way of doing business, Lannes, who is an expert on the micro-computer, gave a visual slide demonstration that showed what the computer can do for a business that the outdated manual bookkeeping system cannot.

He also gave a computer demonstration. Although Lannes had to cut his program somewhat in the interest of saving the attending businessmen's time, he im-

parted a lot of interesting information in the time frame allotted to him.

Lannes explained that his firm, after evaluating individual business needs, would advise as to the kind of computer that would best handle the job. Management Advisory Service would then emulate its name by serving the businessman in a consultant fashion, in a variety of ways, including programming the computer and also working with the businessman and his accountant, or even supplying an accounting service if needed.

Dan Dryer, owner of Awards By Kaydan, and a Chamber officer, said, "The program was excellent and extremely informative. I hope that some of the Chamber members that missed it will attend the next educational session the Chamber has planned."

Dryer added that this was the kind of program that showed how the Chamber serves its members.

Antioch cancer unit set to kick off study

Antioch participants in one of the largest epidemiological research studies ever to be carried out in the United States met in July at the home of Janet Brook for a luncheon-training session.

Area American Cancer Society volunteer researchers for the Society's Cancer Prevention Study II which begins Sept. 1 include Mrs. Mary Anne Lindsey, Edna Barr, LuGene Nissen, Lucille Eberman and Janet Brook, Lake Villa/Antioch group leader for the study.

Area researchers also included are Beverly Calhoun, Jane Keane, Helen McLean and Dorothy Rades.

The women will encourage their friends and neighbors to take part in the society's second major research endeavor to learn how lifestyle and environmental factors influence cancer and other diseases.

Brook is one of 19 Lake County group leaders working to enroll 129 research volunteers under the direction of study Chairman for the Lake County area, Dr. R.O. Peckinpaugh,

Libertyville.

Each volunteer will ask approximately 10 households to complete detailed four-page questionnaires about their health and lifestyle.

"This long-term study of more than a million Americans is equal in size, but wider in scope, than a similar one conducted by the American Cancer Society from 1959 and 1965 and then extended to 1972," said Brook.

"Although the first study produced a mass of information about health and disease, it is best remembered as the report which conclusively linked cigarette smoking to cancers of the lung and other sites," Brook said.

"Information provided by study will help identify factors that can influence our chances of getting cancer and other diseases including practices with possible preventive effects. Then we'll be able to develop programs to help people follow lifestyles that minimize cancer risks," she said.

deposit at the present landfill site, blaming a computer error for Clarke's information. Clarke countered that the only error was in the amount, saying that instead of 90 tons there was a mere 70 ton deposit.

Dan Nelson, one of the proposed landfill's site engineers testified for two and one-half

hours, his testimony included statements on the safety factor that would be created by surrounding the site with 125 foot deep monitoring wells that would note any poison seepage into the surrounding ground.

The landfill meetings will continue Tuesday, August 3 and Thursday, August 5, when opponents of landfill are expected to have their day at the podium.

Boat accident

front of the home of Dr. John Bellucci, his wife Joan was awakened by the crash and the loud "pitiful" screams that ensued. Within minutes, another hero came to the rescue when George Ortiz, 20, a Loyola University student that was visiting the Belluccis, donned his jeans and gym shoes and, though he couldn't swim, went into the dark waters of Lake Marie to assist Learmont in getting the Page girl to shore and subsequently into the Bellucci's house.

According to the doctor's wife, her husband and the other people at the Bellucci home assisted in getting all the victims into the house where emergency treatment was administered to them.

Gina Socka, 17, Antioch, Jason, 11, and Joe, 15, both sons of the doctor, reportedly waded into the water in their pajamas to help.

Although reports from the Bellucci household say it seemed like 40 minutes before outside help arrived, the log of the An-

tioc Fire Dept. shows that it was dispatched at 2:05 a.m. and the chief's car arrived at the scene at 2:13 a.m.

The rescue squad was dispatched at 2:06 a.m. and arrived at the scene at 2:19 a.m.

Judith Gluck, who was at the scene, and Joan Bellucci both angrily reported that Tomalonas, and his passengers Chris Norris, 18, Bensonville, and James Florek, 24, Cicero, never left the boat either to help the people in the water or find out their condition once they were on shore.

They also reported that Lake County Deputy William Bobrowski went out to their boat to take their statements.

The police report said that Tomalonas claimed he did not see that boat until after he struck it and heard the screams of the five people in the water.

The other injured were taken to Victory Memorial Hospital, Waukegan, where they were treated, and released while, at press time, Volling and Page were still in the hospital.

Chamber seminar

(Continued from Page 1)

Dixie Sparks, Chamber secretary, said that she was "delighted with the interest and enthusiasm displayed by the members that were present."

The next seminar, set for August 31, another luncheon seminar at the Windjammer, will be on marketing and mer-

chandising. The \$5 cost will cover the luncheon.

More information will be available by calling the Chamber office at (312) 395-2233 or by reading the new monthly newsletter that is gauged to keep Chamber members up-to-date on Chamber doings.

DIVORCE GROUP

The Lake County Health Department Mental Health Center in Round Lake Park has started a group for women who are divorced or who are considering divorce. The women's group will meet on Tuesdays, at 10 a.m., at 423 East Washington St. Its focus will be on adjustment problems, single parenting, independent living, and loneliness. For information, call (312) 546-0080.

RECEIVES DEGREE

Nancy S. Gardner, daughter of Mr. John S. Gardner, 910 David St., Antioch, was among 293 Carthage College students to be awarded degrees.

Thank You

I would like to take this opportunity to thank the Antioch Rescue Squad, Antioch Fire Department, Dr. Bellucci and his wife, Joan and everyone involved for their help and professionalism in the boating accident Sunday morning that my daughter Brenda and her friends were injured. And a special thanks to Glen Learmont who pulled out all of the injured and got them to shore while being injured himself. We will always be grateful and never forget it.

Very thankful parents

News/OPINION

The Antioch News welcomes letters to the editor. Letters should be on topics of general interest, approximately 150 words or less, and be signed with home address and telephone number. Guest editorials

are also invited. They should be a minimum of 250 words and signed. The editor reserves the right to condense all material addressed to this page.

Along the way with ANNIE MAE

What gorgeous weather we had for two of our village's most important events, Maxwell St. Days and the Lions Barbeque! It's been many years since I remember such a complete weather luck-out.

I hear that the fine Antioch restaurant, The Wunder-Bar, out on Rte. 83, is joining another local restaurant, Raybomb's and many of the finest restaurants in Lake County that will serve the food at "Famous Chef Cuisine" benefit for Victory Memorial Hospital on Sept. 26.

An extremely nice ice cream social was held by the Baha'is of Antioch Township, on Sunday, July 25, to honor Julie and Tom Novak, Baha'is who are moving to the Libertyville Township Baha'i Community.

The guests that came from all over Lake County and Wisconsin presented the couple with a book, "Tokens of Writings of Baha'u'llah."

I hear that those great friends, Gus and Kay Costoff, Jim and Shirley Carlson and Bob and Irene Pederson, who always celebrate their years of wedded bliss together, will be toasting the 35 year mark this month.

Can you believe it. Now that the Maxwell St. Days sales are over, school days are almost upon us! Fall sports practice at Antioch High School will start on Wednesday, August 18 and old Annie Mae has yet to take a dip in the pool.

The freshmen will go back to classes on Friday, August 27 and it seems like school was out just last month. Well I guess it was. Maybe we should change our season schedules and have a longer summer vacation and a shorter winter.

They've even announced next year's theme for the high school homecoming, "For the Good Times."

What do you say kids, forget about the ERA push let's let you and Annie Mae start a drive for the above.

Many of the faces of Antioch business people were not in evidence at the Chamber seminar last Tuesday. If you were not there you missed a good informative session.

For your own good don't miss the next one on merchandising.

Lose participants

The number of participants in the WIC program (a special supplemental food program for women, infants and children) of Lake County Health Dept. has been

decreasing recently.

The decline, says Steven R. Potsic, executive director of the health department, "is mainly among pregnant and nursing women and infants, and it is for them that the program is most valuable. We want families to know that we are continuing to serve new clients despite federal and state budget cuts."

The WIC provides free home delivery of foods for children up to age four, and for pregnant and nursing women. The foods may include formula, fruit juice, eggs, cereal, cheese and milk. Families also receive recipes for healthy meals and other information on child-care.

The program is available to families who meet certain medical and income guidelines; for example, a family of four who has a gross income up to \$12,675.

Families are urged to call the health department to inquire about the WIC program, Monday through Friday, from 9 a.m. to 5 p.m., at (312) 689-5921.

LOVE IS PAINFUL! — Tammy Christiansen, left, teaches Tony Starke about the pangs of young love in scene from PM&L's production of "Ah Wilderness."

Stage review

'Ah Wilderness' Is old Americana

by GLORIA DAVIS

Local theater goes, who delight in classic plays such as "Our Town," "I Remember Mama," or "Life With Father," will be pleased with PM&L's current production of Eugene O'Neill's "Ah Wilderness."

The often told story of a turn of the century lad's bout with approaching manhood is told well by the PM&L players, amid several well-done authentic looking stage sets.

The loudest plaudits should go to Director Tom Hausman whose credits are two-fold as he also plays the incurable, but likeable drunken uncle.

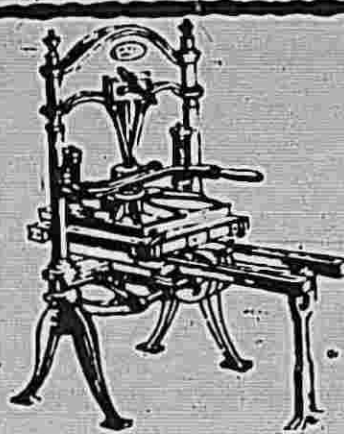

Right up there in the applause department, is Frank Greenwood, who is more than believable as the father.

Tony Starke, playing Richard, the young hero, is at his best during the solo scene where he is awaiting his girl in the park. He and Hausman both do well, and seem to have a lot of fun, with their drunk scenes.

Completing the competent cast are Yvonne Dyer, a sufficiently nervous mother, Dee Baum, turning in her usual dependable performance, and Tammy Christiansen as the rather bratish Muriel.

Dawn Champley comes up with an adequate version of Belle, the vamp, though a little more mature sexiness and less bold school girl may have added to her portrayal.

Surprises and excitement are at a minimum in this play but good old homespun Americana all over the place.

INSIGHT INTO EYESIGHT

Dr. R. A. Sona,
OPTOMETRIST

CHEAP SUNGLASSES NO BARGAIN

If you merely want to shade your eyes from the sun while driving or playing tennis, cheap sunglasses may seem to do the job.

But you get what you pay for. Good sunglasses are recommended because they have better quality lenses and sturdier frames. They'll wear longer and give you better vision than cheap sunglasses. If you want less distortion, better sunglasses are the better buy.

People who wear eyeglasses or contact lenses to correct vision problems often like to wear sunglasses, too, especially on hot, bright summer days when the light is intense. No problem here. Your op-

tometrist can prescribe the same correction to be used in sunglasses as you use in your regular glasses. It's done all the time.

Don't be fooled into thinking that over-the-counter sunglasses will cure any vision problems you may have merely because they reduce the glare of the sun. They won't. If you experience blurriness, eyestrain or headaches, you should have an eye examination to find out why. Don't take a chance with your eyesight.

Monday Nite Golfers goof off at fun night

The Monday Nite Golfers held their annual mid-season Fun Nite at the Harbor Ridge Country Club, Antioch.

To make the evening's round of golf more interesting, each hole played had a different challenge. At the first tee, women teed off with either foot in a bucket. At the second tee, they put-

ted with a tennis racquet. At the third, they played the entire hole with a nine iron. At the fourth, they puttied using one hand only. At five, they threw the ball over the water from tee. At six, they played the entire hole with a tennis ball. At seven, they puttied with a ping pong paddle. At eight, they puttied with a field hockey stick and at nine, they teed off standing

or a stool and puttied with a special ball.

After the fun and excitement on the golf course, more fun was had at the dinner and awards presentations.

Jean Rockow was the Peoria winner, while Dolly Radke had the highest scratch score. Lowest scratch score went to Kay Blake.

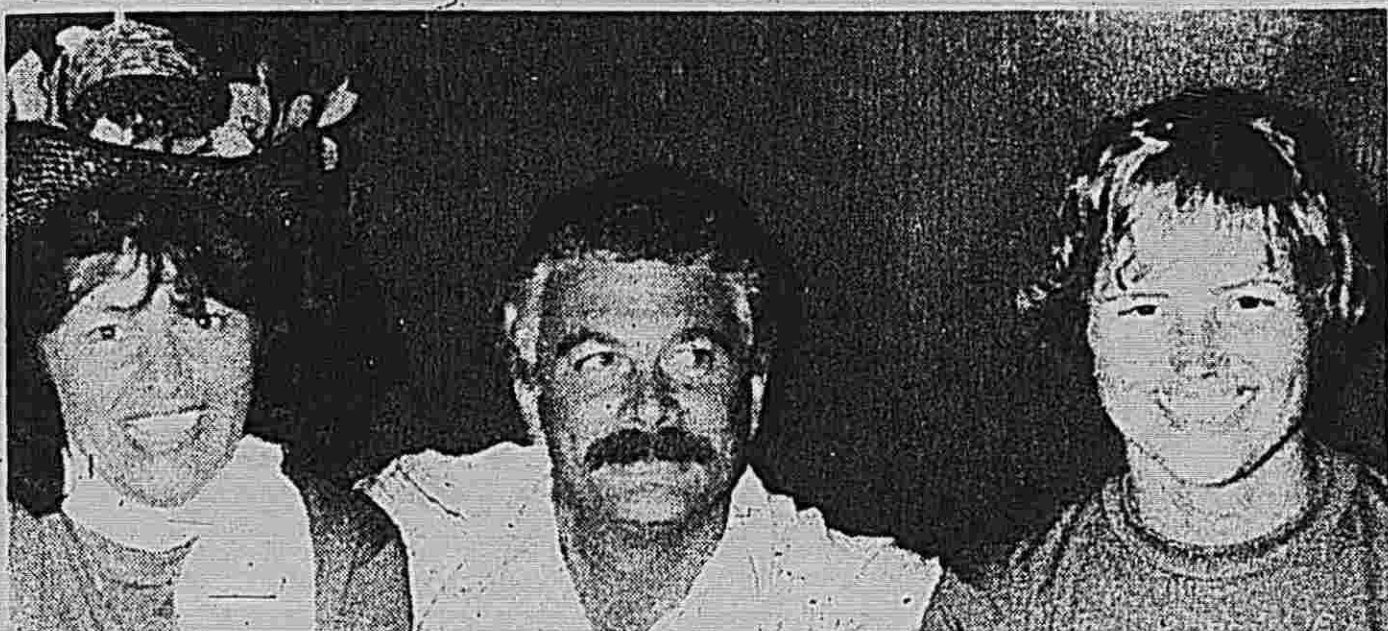

Shirley Gutowski came in with the fewest putts, as Phyllis Kapishke had the most. Carolyn Blanchett drove the shortest tee shot and Marge Murphy won the award for the furthest thrown ball.

All the golfers received a

specially designed T-shirt.

Chris Coolidge and Jacki Vos did a fantastic job in planning and preparing the entire evening. A special thank you goes to Al Zuehlsdorf of Harbor Ridge Country Club for his assistance and patience.

Current Monday Nite leaders are: B Flight, Mary Carney, with Mary Ellen Rausch and Maryann Kaht vying for second. The A Flight has Jackie Vos leading and Diane Periman and Carolyn Blanchette closing in.

FUN NITE organizers - Jackie Vos, left and Chris Coolidge take short break after organizing Monday Nite Golfers mid-season Fun Nite at Harbor Ridge Country Club in Antioch. Al Zuehlsdorf, center, of country club, was also big help to event's success.

Moose Women to choose co-workers of month

The Women of the Moose, College of Regents Committee, were hostess for the July meetings. College members from Wauconda, Waukegan, Fox Lake, Brookfield and Portage Park were guests of the Antioch Chapter at the July 8 meeting.

Judith Kelly, college chairman, received her red tassel, signifying the completion of her first year in the College of Regents. Mary Galster was installed as the new College of Regents chairman for the coming year. She received the coveted cap and gown in

special ceremonies held at Moosehaven in Florida on June 26.

New co-workers enrolled in the Antioch Chapter were Helen Brewer and Sarah Klug, both sponsored by June Ballenger.

Past Deputy Grand Regent, Marianne Koller of Portage Park was the guest speaker at the open meeting.

The chapter business meeting was held on July 15 with 36 co-workers attending. After the normal business was conducted, Senior Regent Marjorie Hansen announced a new prac-

tice to be carried out this year.

A "Co-Worker of the Month" will be chosen each month on the basis of her attendance and contributions of time and work to the chapter.

The first co-worker to receive this honor was Past Regent Louise Gutowski. She received a gift from the chapter and her picture will be on display until a new co-worker is chosen next month.

Refreshments were served after both meetings by the College of Regents committee.

Revamped Harbor Ridge to host Antioch Open

The annual Antioch Open Golf Tournament co-sponsored by Lakeland Newspapers and Harbor Ridge Country Club will be played on a revamped course southwest of Antioch.

Under the direction of Al Zuehlendorf, Harbor Ridge golf pro, the course has been redone during the past winter and spring with the revitalization continuing somewhat this summer.

The course has been lengthened by about 350 yards to a par 71.

With the additional construction which has taken

place in the Harbor Ridge subdivision and the redesign of the front and back nines, houses and condominiums now come into play on both halves.

Both nines are also equal in yardage.

Other changes include six new tees being built.

Some of the modifications in the holes which have been made include making the par three sixth hole into a par four.

The former ninth hole, which is now the 11th, has been lengthened to 485 yards.

The former seventh hole, which is now the 18th, has been lengthened and includes a double tee which has made it a challenging finishing hole.

The 17th hole, which used to be the sixth, is about the same in distance, however, it has been reduced from a par five to a par four.

The 10th hole, which was the eighth, has been lengthened from 190 yards to 220 yards. It is a par three hole.

The tee on the 13th tee, which used to be the 11th, has been moved to force the golfer to shoot over the bond.

The trees on the left side of the fairway have been moved to open up the hole.

"The course is in pretty good shape," commented Zuehlendorf. "We feel it's a better and more challenging course."

"The flow of the course is a lot better the way the course has been adjusted," he continued.

"Since the development of the condominiums, this is the most major restructuring the course has received," he stated.

The Antioch Open is open to all amateur golfers, both male and female, with separate flights being set up for each according to the handicaps of the golfers who register.

The Open is scheduled for Saturday and Sunday, Oct. 2-3. Deadline for entries is at 5 p.m. on Wednesday, Sept. 22. For further information, contact the Harbor Ridge ProShop at (312) 395-3004.

Thank You

The family of Don LaRue would like to thank relatives, friends and neighbors for their thoughtfulness in sending flowers, cards and gifts to us at the loss of our husband and father. A special thanks to the Antioch Rescue Squad, Father Hanley, Strang's Funeral Home and Board of Directors, Officers and Employees of the First National Bank for their consolation and help at the time of our great loss.

PAIN TREATMENT CENTERS

EAT RIGHT FOR DENTAL HEALTH

QUESTION:

What kind of diet promotes a healthy mouth?

ANSWER:

When people think of diet and a healthy mouth, they usually think of two items: getting adequate fluoride and avoiding sweets. Of course, these two guidelines are valuable. But the mouth is made up of a variety of different types of tissues of varying nutritional needs.

It has long been thought that growing teeth and bones in children required adequate calcium in the diet. Some researchers now feel that the balance of calcium and phosphorus is more important.

The soft tissues of the mouth require adequate vitamins for health. For instance, vitamin C deficiency causes scurvy, with gum disease as one important sign.

Adequate vitamins, minerals, carbohydrate and protein are needed for oral health. In fact, the ideal diet for oral health is the same as an ideal diet for general well-being.

'Papa' preview draws audience's laughter

by GLORIA DAVIS

If you like broad comedy and near-to-slapstick laughs, On Cue Productions latest effort at the Country House in Antioch might just be your cup of theatrical tea.

On Thursday, July 29, the production company held a special sneak preview of its new show, "Under Papa's Picture," complete with cocktails and hors d'oeuvres.

The story is a funny one as it deals with a religious family's reaction to widowed grandma's affair and subsequent pregnancy.

Ann Marie Cina, who drew plaudits with her performance as Grace O'Connell, the slightly indisposed matriarch, when she played the role at Andre's Dinner Theater in

Richmond, turns in the same high caliber performance.

And doing the old "maid steals the play" bit, Ricky Apostle is a funny Leona Mae, even though her accent slips now and then.

Donna O'Donnell, as the harassed wife of the over-anxious executive, son of the mother-to-be, does a good job of natural underplaying, a nice theatrical style for the intimate dinner theater atmosphere.

In direct contrast, Phil Jaeger's nervous executive and Don Crop's Italian painter, both tend to appear slightly over done.

If a laughing audience is a gauge to a comedy's merits, then judging by the preview audience's reaction, "Papa" should have a successful run.

The first European known to have sailed the Pacific was Antonio d'Abreu of Portugal, who sailed into it from the Indian Ocean.

OFFICIAL PUBLICATION

NOTICE OF PROPOSED CONSTITUTIONAL AMENDMENT

Pursuant to law public notice is hereby given that the following proposed amendment to the Illinois Constitution will be submitted on a separate blue ballot to the electors of the State of Illinois for adoption or rejection at the General Election to be held on November 2, 1982.

PROPOSED AMENDMENT TO SECTION 9 OF ARTICLE I

(Proposed changes in the existing Constitutional provision are indicated by underscoring all new matter. The proposed amendment does not delete any existing matter.)

ARTICLE I

BILL OF RIGHTS

SECTION 9. BAIL AND HABEAS CORPUS

All persons shall be bailable by sufficient sureties, except for capital offenses and offenses for which a sentence of life imprisonment may be imposed as a consequence of conviction where the proof is evident or the presumption great. The privilege of the writ of habeas corpus shall not be suspended except in cases of rebellion or invasion when the public safety may require it.

SCHEDULE

If approved by the electors, this Amendment to the Illinois Constitution shall take effect the next day following proclamation of the result of the vote.

FORM OF BALLOT

The proposed amendment to Article I will appear upon the Constitution ballot in the following form:

PROPOSED AMENDMENT TO SECTION 9 OF ARTICLE I (Bail)

EXPLANATION OF PROPOSED AMENDMENT

The proposed amendment deals with

the category of persons who may be denied bail under the Illinois Constitution. The present constitutional provision permits denial of bail only to persons charged with offenses punishable by death where the proof is evident or the presumption is great. If the People of Illinois adopt this proposed amendment, persons charged with offenses for which a sentence of life imprisonment may be imposed may also be denied bail where the proof is evident or the presumption is great.

Place an X in blank opposite "YES" or "NO" to indicate your choice.

For the proposed amendment to Section 9 of Article I of the Illinois Constitution to permit a court to deny bail for offenses where the proof is evident or the presumption great and a sentence of life imprisonment may be imposed as a consequence of conviction.	YES
